

Approved Medical Practitioners – Section 22 Update – March 2026

“*Note:

- Continuing AMPs must ensure they complete the appropriate Update Training prior to the five-year anniversary of their Initial Training or previous Update Training. The list below contains details of continuing AMPs Update Training details.
- From December 2022, continuing AMPs and will be required to complete one of the following Update courses every five years:
 - AMP Update Training – Multi-Specialty
 - AMP Update Training – CAMHS
 - AMP Update Training – Forensic
- AMPs who specialise in CAMHS and Forensic psychiatry are recommended to complete the specialist course. However, if no CAMHS or Forensic courses are available, they may complete the Multi-Specialty course instead to allow Update Training requirements to be met.
- AMPs in all other specialties should complete the Multi-Specialty course to complete their mandatory Update training. Further information, including details about the Update Training courses and how to book your place, can be found here: [AMP Update training \(nhs.scot\)](https://www.nhs.uk/healthcare-professionals/amp-update-training/)
